<https://www.linkedin.com/in/colin-minseok-kim/>

## SKILLS

**Technical:** Javascript, Python, Node.js, React.js, Redux.js, HTML5, CSS, C#, R, SQL, Pandas

**Software:** Excel, Minitab, ADP Systems, SAP, Sharepoint, Social Media, Basic Research Engines

## PROJECTS

**Spray-R** • <https://github.com/string-cheese-fsa/spray-r>

December 2019

- Developed a React Native mobile application that allows users to emulate spray painting in augmented reality and save their drawings to a 100 meter radius of a location, so that other users may view and download their drawings.
- Utilized the ViroReact library, Node.js, Express, Sequelize, Postgres, React, and Redux.

**Rats Stack** • <https://egyptian-rats-stack.herokuapp.com> • <https://github.com/colink96/ers-stackathon>

November 2019

- Wrote all the game logic for the classic card game Egyptian Rat Screw in Javascript using Node.js
- Used Express, React, and socket.io to make the game playable via online multiplayer
- Designed frontend using basic CSS and Flexbox

**Bot Buddies** • <https://botbuddies.herokuapp.com> • <https://github.com/Object-Oriented-Obfuscators/bot-buddies>

October 2019

- Simple e-commerce site built with Express, Node.js, React, Redux, and Sequelize
- Backend: Developed cart and checkout functionality
- Outlined project goals and objectives daily

## EXPERIENCE

**LG Electronics** • Englewood Cliffs, NJ

June 2018 - August 2018

Supply Chain Intern

- Developed scripts to automate daily reporting of inventory on backorder and in transit, saving up to 2 hours every day while maintaining accuracy
- Released and filled approximately 12,000 orders to customers as per director's allocation of inventory, available inventory, and inventory in transit
- Manually entered and verified over 1500 customer orders into company database, and verified all digital orders automatically received in GRP, a company-wide database

**Kiss Products INC.** • Port Washington, NY

May 2017 - August 2017

Quality Management Intern

- Managed, trained, and supervised a team of 16 quality inspectors for daily inspection of incoming products on procedure and standards
- Constructed approximately 200 defect reports and managed over 200 vendor claim procedures through QIRs (Quality Improvement Request)
- Trained 1 new hire (Quality Control Coordinator) on departmental procedures

HR Intern

May 2016 - August 2016

- Screened 1500+ candidates by utilizing ADP software
- Transitioned 1000+ employee files from paper to digital; assisted with various office tasks
